1. Product and Company Identification

Product Code: Product
#82

Name: Manufacturer
Epoxy.com Product #82 Self Leveling Mortar Aggregate

Information

Company Name: Epoxy Systems, Inc.
20774 W Pennsylvania Ave
Dunnellon, FL 34431

Phone Number: 352-489-1666
Emergency Contact: PERS (USA) (800) 633 8253
Alternate Emergency Contact: PERS (International) +1 (801) 629-0667

Intended Use: Industrial floor coatings.

2. Hazards Identification

GHS Classification
Carcinogenicity, Category 1A
Target Organ Systemic Toxicity (single exposure), Category 3
Target Organ Systemic Toxicity (repeated exposure), Category 1

Placard
Health hazard
Exclamation point
Health hazard

Key word
Danger
Warning
Danger

GHS hazard phrase
May cause cancer
May cause respiratory irritation, or may cause drowsiness and dizziness
Causes damage to organs (lungs/respiratory system) through prolonged or repeated exposure.

GHS Hazard Phrases
H350i - May cause cancer by inhalation.
H335 - May cause respiratory irritation.
H372 - Causes damage to organs (lungs/respiratory system) through prolonged or repeated exposure.

GHS Precaution Phrases
P202 - Do not handle until all safety precautions have been read and understood.
P281 - Use personal protective equipment as required.
P271 - Use only outdoors or in a well-ventilated area.
P270 - Do not eat, drink or smoke when using this product.
P264 - Wash hands/arms thoroughly after handling.
P260 - Do not breathe dust.

GHS Response Phrases
P304+340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P342 - If experiencing respiratory symptoms: P315 - Get immediate medical advice/attention.

GHS Storage and Disposal Phrases
P501 - Dispose of contents/container to local, state, and federal authority requirements.

Potential Health Effects (Acute and Chronic)

Prolonged exposure may cause dermatitis & skin cracking. Prolonged exposure to respirable free silica can aggravate other lung conditions and cause silicosis, a disabling and potentially fatal lung disease.

Inhalation

Irritating to the nose, throat and respiratory tract. May cause damage to lungs through prolonged or repeated exposure. Prolonged exposure to respirable free silica can aggravate other lung conditions and cause silicosis, a disabling and potentially fatal lung disease. May cause cancer (Inhalation).
Skin Contact
  Repeated exposure may cause skin dryness or cracking.

Eye Contact
  Irritating, and may injure eye tissue if not removed promptly.

Ingestion
  Irritating to mouth, throat and stomach. May cause vomiting.

Medical Conditions Generally Aggravated By Exposure
  Skin disorders, Respiratory disorders, Eye disorders, Skin Allergies.

OSHA Regulatory Status:
  This material is classified as hazardous under OSHA regulations.

### 3. Composition/Information on Ingredients

<table>
<thead>
<tr>
<th>Hazardous Components (Chemical Name)</th>
<th>CAS #</th>
<th>Concentration</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Quartz</td>
<td>14808-60-7</td>
<td>&gt; 80 %</td>
</tr>
<tr>
<td>2. Fibrous glass</td>
<td>65997-17-3</td>
<td>&lt; 20 %</td>
</tr>
</tbody>
</table>

### 4. First Aid Measures

#### Emergency and First Aid Procedures

**In Case of Inhalation**
  If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms: Get medical advice/attention.

**In Case of Skin Contact**
  Remove contaminated clothing and shoes. Brush off loose particles from skin. Rinse cautiously with water for several minutes.

**In Case of Eye Contact**
  Hold eyelids apart and flush eyes with plenty of water. After initial flushings, remove any contact lenses and continue flushing for at least 15 minutes. Have eyes examined and tested by medical personnel.

**In Case of Ingestion**
  If swallowed, do NOT induce vomiting. Give victim a glass of water. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.

**Signs and Symptoms Of Exposure**
  May cause skin, eye, and respiratory irritation. May cause rash on skin, and redness in eyes. May cause coughing by inhalation.

### 5. Fire Fighting Measures

**Flash Pt:**
  NP

**Explosive Limits:**
  LEL: No data.  
  UEL: No data.

**Autoignition Pt:**
  NP

**Fire Fighting Instructions**
  Product will not support combustion as supplied.

**Flammable Properties and Hazards**
  Will not support combustion.

**Hazardous Combustion Products**
  None known.

**Suitable Extinguishing Media**
  Product will not burn, but packaging will burn in a fire.

**Unsuitable Extinguishing Media**
  Will not support combustion.
6. Accidental Release Measures

Steps To Be Taken In Case Material Is Released Or Spilled
Use personal protective equipment. Vacuum or sweep up material and place into a suitable disposal container. Collect dry material using a scoop. Avoid actions that cause dust to become airborne. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. Do not flush to sewer.

Protective Precautions, Protective Equipment and Emergency Procedures
Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Where risk assessment shows air-purifying respirators are appropriate use a dust mask type N95 (US) or type P1 (EN 149) respirator. Wear safety glasses with side shields or goggles to avoid contact with the eyes. In extremely dusty environments and unpredictable environments, wear tight-fitting unvented or indirectly vented goggles to avoid eye irritation or injury.

Environmental Precautions
Avoid release to the environment.

7. Handling and Storage

Hazard Label Information:
Protect from moisture. Wash thoroughly after handling. Store in a dry place. Do not get on skin and clothing.

Precautions To Be Taken in Handling
Wear all personal protection required in section 8. Do not rely on your sight to determine if dust is in the air. Respirable crystalline silica dust may be in the air without a visible dust cloud. Wear appropriate personal protective equipment, avoid direct contact. Do not breathe dust. Avoid contact with skin, eyes, and clothing. Minimize dust generation and accumulation.

Precautions To Be Taken in Storing
Handle and store in a manner so that airborne dust does not exceed applicable exposure limits. Use adequate ventilation and dust collection.

Other Precautions
Store in a closed container.

8. Exposure Controls/Personal Protection

<table>

**Protective Equipment Summary - Hazard Label Information:**
NIOSH/MSHA approved respirator Rubber or neoprene gloves Splash proof safety goggles Impervious clothing. Contact lenses should not be worn.

**Respiratory Equipment (Specify Type)**
Use local exhaust or general dilution ventilation to control dust levels below applicable exposure limits. Use appropriate NIOSH approved respiratory protection for respirable crystalline silica.

**Eye Protection**
Wear safety glasses with side shields or goggles to avoid contact with the eyes. In extremely dusty environments and unpredictable environments, wear tight-fitting unvented or indirectly vented goggles to avoid eye irritation or injury. Contact lenses should not be worn.

**Protective Gloves**
Impervious gloves.

**Other Protective Clothing**
Impervious clothing.
**Engineering Controls (Ventilation etc.)**
Local exhaust ventilation may be necessary to control any air contaminants to within their TLVs during the use of this product. Good general ventilation should be sufficient to control airborne levels.

**Work/Hygienic/Maintenance Practices**
Wash thoroughly after handling. Wash hands before breaks and at the end of workday. Wash contaminated clothing before reuse.

**Environmental Exposure Controls**
Avoid runoff into storm sewers and ditches which lead to waterways.

### 9. Physical and Chemical Properties

<table>

<td></td>
</tr>
</tbody>
</table>

**Solubility Notes**
Insoluble.

**Percent Volatile:**
N.A.

**Appearance and Odor**
White. Granular.

### 10. Stability and Reactivity

**Stability:**
Unstable [ ] Stable [ X ]

**Conditions To Avoid - Instability**
None known.

**Incompatibility - Materials To Avoid**
Avoid: Strong oxidizing agents.

**Hazardous Decomposition Or Byproducts**
No data available.

**Possibility of Hazardous Polymerization:**
Will occur [ ] Will not occur [ X ]

**Conditions To Avoid - Hazardous Reactions**
Product will not undergo polymerization.

### 11. Toxicological Information

**Toxicological Information**
May cause breathing disorders and lung damage. May cause cancer by inhalation.

**Chronic Toxicological Effects**
Respirable crystalline silica (quartz) can cause silicosis, a fibrosis (scarring) of the lungs. Silicosis may be progressive; it may lead to disability and death.

**Irritation or Corrosion**
Causes eye, skin, and respiratory irritation.
Symptoms related to Toxicological Characteristics
Symptoms will include progressively more difficult breathing, cough, fever, and weight loss.

Carcinogenicity/Other Information
IARC Group: Group 1.

Persistence and Degradability
Not readily biodegradable.

Bioaccumulative Potential
Not expected to bioaccumulate.

12. Ecological Information

13. Disposal Considerations

Waste Disposal Method
Dispose of this product, product solutions and its container according to federal, state and local authority requirements.

14. Transport Information

LAND TRANSPORT (US DOT)
DOT Proper Shipping Name
Precautionary Label
Read product SDS and all labels before use. Wear all required personal protection. May cause skin, eye, and respiratory irritation. Ventilation is normally required when handling or using this product to keep exposure to airborne contaminants below the exposure limit. Collect dry material using a scoop. Avoid actions that cause dust to become airborne.

AIR TRANSPORT (ICAO/IATA)
ICAO/IATA Shipping Name
Not Regulated.

MARINE TRANSPORT (IMDG/IMO)
IMDG/IMO Shipping Name
Not Regulated.

15. Regulatory Information
